**Course Number 5116:** Make Social and Emotional Learning Stick

**Course Description:** This course accompanies the AEP Connections Webinar Conference.

Now more than ever, our world is filled with complicated situations that can be tricky to navigate—both emotionally and socially. When a student struggles with regulation, it can affect their academics, relationships, self-esteem, and goals in life. The good news is that these skills can be taught through social-emotional learning (SEL) which many classrooms and schools are adopting into their curricula. However, most of these lessons are geared toward students who learn traditionally. This leaves behind many of the children who are unique learners and require a different, more thoughtful and individualized approach to make SEL stick. This presentation— geared toward educators, therapists, and other professionals who work with individuals with social cognitive, executive functioning, communication, and emotional regulation challenges—provides the glue that makes social learning stick! An overview of the competencies of SEL will be provided with a more focused look at zooming in and taking a deeper dive into the complexity of the challenges facing children with unique social, emotional and learning challenges. With a focus on the whole child, the roles of everyone involved and how to be mindful T.E.A.M.S will be reviewed, with reflection on how to create a partnership and integrate school and home. The majority of the presentation will focus on practical strategies, tools, and concepts that can easily be used the next day to support SEL for those who struggle. Participants will learn to embrace teachable moments using new and time-tested strategies in order to help your students thrive.

**Course Location:** Online Webinar

**Professional Development Hours:** 1

**Course Meeting Time and Expectations:** *Participants in this professional development education course will initially participate in a 7 hour instructional session on the topic. Following the seminar, participants will plan and implement lessons, policies or evidence-based strategies which integrate the focus of the professional development seminar into their classroom practice. Following the implementation, the participant will be a reflective practitioner and consider the degree to which the implementation of the new technique or practice was successful as well as the areas in which continued refinement, practice, and development will be necessary. Therefore, the course will involve seven hours of direct participation at minimum.*

**GRADUATE CREDIT ATTRIBUTES for 1 PD Graduate Credit and Documented Outcomes for 1 PD Graduate Credit:**

*Students must attend one day seminar and complete a research/reflection paper.*

The paper detailing critical key concepts should be 5 to 6 pages long and include a minimum of **two outside research** sources (not the speaker). At least one page of your paper must include an action plan of how you intend to use what you learned in your work or home setting. The paper should be double spaced, 10 or 12-point font, include a title page and a works cited page with proper citations (APA or MLA) in both the body of paper and on the works cited page.

Course Prerequisites: *This course is intended for Special Education Teachers, social workers, SLPs, OTs, Psychologists, Nurses, Parents, Administrators, anyone who works with individuals with Autism, ADHD, bi-polar, or other learning disabilities*

Required Resources: *None*

Teaching Strategies: *During this interactive training, participants will take away functional ideas and tools (applicable for K-12th grade) that can be used right away to support their students who struggle with SEL. These tools will help them (and you) be more calm, connected and confident.*

Course Evaluation and Grading: Assessments will be based on the following:

A. Attendance at required sessions	70%
B. Research/Reflection Paper	30%
Total:	100%

*Grading Scale:*

*90 – 100 Points = A*

*80 – 89 Points = B*

*70 – 79 Points = C*

*60 – 69 Points = D*

*Less than 60 Points = F*

Evaluations: See attached rubric.

**Research Paper Requirements:**

- List the speaker(s) name and write a line or two about their topic. Provide their current position and the background that makes them an expert on the subject.
- Write down your goal for attending the conference.
- Write down the key concepts from the speaker(s).
- Research other experts in the field and use that information to further your own or the speaker's ideas. Provide proper citations for any idea or opinion that is not your own.
- Write a rough draft immediately after the course while the information is still fresh in your mind.
- Submit your paper to [pilarpeigh@aepconnections.com](mailto:pilarpeigh@aepconnections.com) on or before the due date listed within your syllabus. Some email accounts are flagged as spam (i.e. Gmail, Yahoo, Hotmail. etc.). Papers submitted electronically must be in one of the following file formats: Microsoft Word Document (.docx), or Adobe PDF (.pdf). Please do not submit Google Docs

Course and Instructor Policies: *Participants must participate in the entire professional development presentation. Participants must submit all papers via email to Pilar Peigh at the email address provided above. However, as firewalls and spam filters are getting more sensitive, some papers become lost in cyberspace. **When you send your paper, I will verify receipt within 48 hours by responding to your***

**email. If you do not receive this confirmation email, it is safe to assume that I do not have your paper and you will need to resubmit to my personal email address. Participants must reference the conference location (i.e. Illinois) in the subject line or the body of your email. Participants are required to keep a copy of all work submitted.**

*evidence-based best practices for instruction, assessment, discipline, and use of technology all will require this four-step process before we will see real improvement in schools.*

*\*Connection to CUW Mission: This course will require educators to demonstrate the ability to analyze and apply their discipline's theoretical, methodological, ethical, or practical foundations. This will enable them to help their own students develop more readily in mind, body, and spirit as well.*

### Global Ends

University graduates are well developed in mind, body, and spirit, fulfill their vocations, and serve Christ in the Church and the world. Consistent with a Liberal Arts education, our graduates demonstrate the following proficiencies:

1. Christian Faith - Our graduates are grounded in the Christian faith while also recognizing other major worldviews and how they differ from a Christian understanding of the world.
2. Service and Global Citizenship - Our graduates are globally-minded citizens.
3. Integrated Disciplinary Knowledge - Our graduates integrate insights from a wide range of disciplines.
4. Critical Thinking/Creative Problem Solving - Our graduates think rationally, critically, and creatively.
5. Communicative Fluency - Our graduates communicate effectively.
6. Analytical Fluency - Our graduates work with data effectively.

\*Undergraduate Core Student Learning Outcomes: NA

\*Program/Department Student Learning Outcomes:

*Participants will learn and be able to implement the following:*

- *Participants will be able to develop functional ideas and tools.*
- *Participants will learn practical strategies, tools, and concepts to support SEL.*

### Course Objectives:

1. Identify the components of self-regulation (sensory processing, emotional regulation, executive functioning).
2. Identify and describe the components of social communication (joint attention, receptive and expressive language, pragmatic language and perspective taking).
3. Demonstrate understanding of the importance of collaboration by creating mindful T.E.A.M.S to support the whole child.
4. Select specific curriculum to support specific components of SEL.
5. Describe how mindfulness trains the brain to build pathways and create the foundation of SEL.
6. List and identify numerous practical tools and resources to support each area of social regulation (sensory processing, emotional regulation, executive functioning, joint attention, receptive and expressive language, pragmatic language, and perspective taking).
