Zones of Regulation Half Day Webinar!

Description: In The Zones of Regulation basic training course participants will become acquainted with the Zone's framework, provided background on why it is successful with learners and trained how to apply the popular curriculum. This introductory training will highlight key components of the curriculum, giving you the confidence to get started with implementation or give a creative boost if you are already on your Zones journey. In addition to exploring critical lessons, participants will develop a solid understanding of what the four Zones of Regulation are, delve into tools to support regulation and review practice strategies to ensure implementation with fidelity.

In this training participant will learn more about how the latest teachings around The Zones of Regulation framework, including breaking down the steps of regulation into a cognitive pathway that can be easily taught to both neurodiverse and neurotypical learners. Visuals, videos and student work samples are shared to illustrate the common language and visual system The Zones utilizes to build the foundational, life-long skill of self-regulation

Webinar Presenter - Elizabeth Sautter, M.A. CCC, is a licensed speech and language pathologist and co-director/co-owner of Communication Works, a private practice offering speech, language, and social support in the San Francisco Bay Area. She has worked with preschool to adult clients and their families since 1996 in private practice, schools, and hospitals, specializing in social communication, self-regulation, and executive functioning.

Elizabeth has worked with Leah Kuypers in the clinic setting, supporting clients and running group therapy. They have presented and written articles together as well as developed curriculum with Terri Rossman. Elizabeth conducts trainings for parents/caregivers and professionals and is thrilled to join Leah as a collaborative speaker for The Zones of Regulation. On a personal note, Elizabeth's relationships with her son, sister, and extended family members with special needs have made her work a lifelong endeavor. She lives with her husband, two sons, dog, and cat in Northern California.
